1. All claims 1-13 are allowed. Claims 1 and 2 are independent.

2. The following is an examiner's statement of reasons for allowance:

Apparatus claim 1 and corresponding method claim 2 and their dependent claims 3-12 are allowable over the prior art of record. Examiner agrees with Applicant on that the previously applied prior art reference Saund (U.S. Patent No. 5,835,241) does not disclose a "developable mesh" as claimed, and because Saund discloses that the transformation T2 is a perspective transform, a perspective transform cannot be used to anticipate a developable mesh as claimed. Therefore, T2 cannot provide a second set of points, which is required by the claimed invention. Examiner further agrees that it is not clear from the disclosure of Saund that the one set of points is fitted to another set of points. See Applicant's remarks filed August 25, 2004, page 5 to top of page 6.

Having conducted an updated search, the claims are found allowable over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
